Specification Summary

Brand	Asec
Product type	Cabinet

Product Description

The Asec Easy On Sprung Cabinet Hinge is a practical and reliable hardware solution designed for cabinet and cupboard doors. Featuring a convenient "easy on" design, these hinges simplify the installation process, making them an excellent choice for both DIY projects and professional installations.

Constructed with a durable zinc-plated finish, these hinges offer enhanced resistance to daily wear and tear, ensuring long-lasting performance. The integrated spring mechanism helps keep cabinet doors securely closed when not in use.

Each pack is supplied as a complete pair (two hinges) and includes all the necessary fixing screws, allowing you to begin your installation straight out of the box. With a length of 10.5cm (105mm), they are suitable for a wide range of standard cabinet applications.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS12362
- **Finish:** Zinc Plated
- **Length:** 10.5cm (105mm)

- **Pack Quantity:** 1 Pair (2 hinges)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
