Product Description

The A. PERRY AS147 Horizontal Locking Bar is a heavy-duty security solution designed to protect gates, doors, sheds, and storage units. Combining solid construction with a practical design, this locking bar provides a reliable physical barrier against unauthorised access.

A key feature of the AS147 is its rotating padbar mechanism. When unlocked, the bar rotates to a vertical position to allow easy, unobstructed entry. When locked, it sits horizontally across the door, completely concealing the fixings to prevent tampering, unscrewing, or forced removal. Additionally, the hardened steel staple offers excellent resistance to cutting and sawing, ensuring your property remains secure.

This locking bar is available in multiple lengths and weights to suit your specific installation requirements. Please choose your preferred size and specification from the options below.

Brand Profile

A. Perry

Perry Trade (The Perry Group / A. Perry Ltd) is a **family-owned, West Midlands–based** hardware manufacturer and trade supplier with roots going back to **1925**, when **Arthur Perry** began making steel gutter brackets and hinges. Still directed by the **3rd and 4th generation** of the Perry and Dunnaker family, the business has grown into a multi-division group serving trade customers across the UK and internationally.

Operating from a **140,000+ sq ft site spanning over 5 acres**, Perry emphasizes operational efficiency and customer service, including a **fully automated robot warehouse** to support fast fulfilment. The group's "bread and butter" **Perry Trade** division focuses on **hardware, architectural ironmongery, hinges, fixings and fasteners, gate and fencing hardware, locks, chain and rope**, alongside specialist arms including **Perry Equestrian**, **Primus** (garden art/gifting), and **Perry Manufacturing** (threaded bar and engineered fasteners).
