Product Description

The A. Perry 1127 Double Locking Long Throw Gate Lock is a premium security solution designed to protect wooden gates, garage doors, and outbuildings. Featuring a high-security 6-pin mechanism, this lock is key-operable from both sides (double locking), offering robust security and convenient access.

Built to withstand the elements, it is equipped with a marine-grade A4/316 stainless steel bolt and stainless steel fittings, providing exceptional corrosion resistance. The lock body features a durable black finish, complemented by a solid brass escutcheon plate for a clean, professional look.

This gate lock is available in multiple barrel lengths to suit different door thicknesses, including options for gates up to 50mm thick (with a 50mm barrel projecting from the backplate, 83mm total length) or up to 70mm thick (with a 70mm barrel, 103mm total length). Please choose your required size and door thickness from the options below. Each lock is supplied complete with 5 keys and all necessary fixings for a straightforward installation.

Brand Profile

A. Perry

Perry Trade (The Perry Group / A. Perry Ltd) is a **family-owned, West Midlands–based** hardware manufacturer and trade supplier with roots going back to **1925**, when **Arthur Perry** began making steel gutter brackets and hinges. Still directed by the **3rd and 4th generation** of the Perry and Dunnaker family, the business has grown into a multi-division group serving trade customers across the UK and internationally.

Operating from a **140,000+ sq ft site spanning over 5 acres**, Perry emphasizes operational efficiency and customer service, including a **fully automated robot warehouse** to support fast fulfilment. The group's "bread and butter" **Perry Trade** division focuses on **hardware, architectural ironmongery, hinges, fixings and fasteners, gate and fencing hardware, locks, chain and rope**, alongside specialist arms including **Perry Equestrian**, **Primus** (garden art/gifting), and **Perry Manufacturing** (threaded bar and engineered fasteners).
