Product Description

Get high-quality, professional key cutting for your ABS Avocet, Endurance, or Comp Door Master keys. As an approved ABS Avocet Elite Support Centre, we cut all replacement keys on genuine ABS key blanks to ensure a perfect fit and smooth operation.

Whether your key is branded with 'ABS', 'ENDURANCE', or 'COMP DOOR', they use the same high-security profile. To order, simply provide the unique key code found on your plastic security card (typically starting with 'MG'). If you have registered your key, please ensure you provide your security question and answer so we can process your order. If you have lost your security card, our decoding service is available to help.

For your peace of mind and maximum security, we strongly recommend having your newly cut keys delivered to an alternative address, such as your workplace or a trusted friend or family member, rather than the address where the lock is installed. To maintain strict confidentiality, all keys are shipped with no customer details or address information enclosed inside the package.

Technical Specifications

- **Manufacturer:** Avocet (ABS)
- **Compatibility:** ABS Master, Endurance, and Comp Door locks
- **Key Blank:** Genuine ABS branded blanks
- **Code Requirement:** Key code typically starting with 'MG' (found on the security card)

Key Features

- **Genuine Blanks:** Cut exclusively on official ABS key blanks for guaranteed compatibility and lock warranty protection.
- **Elite Support Centre:** Cut by Registered Master Locksmiths at an official ABS Avocet Elite Support Centre.
- **Secure Shipping:** Dispatched with no internal invoice or address details inside the package to prevent interception risks.
- **Alternative Delivery Recommended:** Customers are advised to ship keys to a work or third-party address for enhanced security.
- **Lost Card Support:** Decoding service available if you have misplaced your original security card.

Brand Profile

Avocet (ABS)

Avocet (The **Avocet Hardware Group**) is a UK door-and-window hardware brand best known for its **ABS high-security cylinders**, especially its anti-snap euro cylinders used heavily in uPVC, composite and timber door sets. They position themselves as a long-standing trade supplier of **window and door hardware** alongside the award-winning **ABS** cylinder range.

Where Avocet really made its name is **anti-snap protection**. Their ABS cylinders use patented mechanisms designed to “lock down” after a snapping attack—so even if the outside section is sacrificed, the door doesn’t open. Avocet markets this as **Active Snap Protection / Snap Secure technology**, built around an internal locking action triggered by the attack.

On the certification side, Avocet’s flagship ABS cylinders are commonly sold and independently listed with top-tier UK security markings like:

- **TS007 3-Star** (anti-snap standard for cylinders/door hardware)
- **SS312 Sold Secure Diamond**
- **Secured by Design** (UK police initiative)

Beyond cylinders, Avocet also sells broader “suited” door hardware ranges (handles and complementary hardware) aimed at giving fabricators/installers a consistent look and spec across a door set.
