Product Description

Ensure the ongoing security of your home with professional ABS Avocet key cutting from Lock & Key. As an official ABS Avocet Elite Support Centre, we cut all keys using genuine ABS key blanks, ensuring a perfect fit and maintaining the high-security standards of your 3-star cylinder locks.

ABS Avocet keys are high-security code keys. To order, simply enter the code from the security card supplied with your lock into the box below and select your required quantity. We cut keys for codes starting with the following valid

prefixes: **WA, WB, WC, WD, and WE**.

If you have lost your security card, there is no need to worry. We can still assist you through our decode service, which can be found below.

For maximum security, we highly recommend having your keys delivered to an alternative address (such as a workplace) rather than the property where the locks are installed.

Technical Specifications

- **Manufacturer:** Avocet (ABS)
- **Compatible Lock Rating:** 3 Star
- **Key Blank Type:** Genuine ABS
- **Supported Code Prefixes:** WA, WB, WC, WD, WE

Brand Profile

Avocet (ABS)

Avocet (The **Avocet Hardware Group**) is a UK door-and-window hardware brand best known for its **ABS high-security cylinders**, especially its anti-snap euro cylinders used heavily in uPVC, composite and timber door sets. They position themselves as a long-standing trade supplier of **window and door hardware** alongside the award-winning **ABS** cylinder range.

Where Avocet really made its name is **anti-snap protection**. Their ABS cylinders use patented mechanisms designed to “lock down” after a snapping attack—so even if the outside section is sacrificed, the door doesn’t open. Avocet markets this as **Active Snap Protection / Snap Secure technology**, built around an internal locking action triggered by the attack.

On the certification side, Avocet’s flagship ABS cylinders are commonly sold and independently listed with top-tier UK security markings like:

- **TS007 3-Star** (anti-snap standard for cylinders/door hardware)
- **SS312 Sold Secure Diamond**
- **Secured by Design** (UK police initiative)

Beyond cylinders, Avocet also sells broader “suited” door hardware ranges (handles and complementary hardware) aimed at giving fabricators/installers a consistent look and spec across a door set.
