Product Description

The Avocet ABS Key Colour Fob is a genuine replacement and upgrade kit designed specifically for Avocet ABS Ultimate Series keys. Perfect for households managing multiple keys, these vibrant coloured fobs provide an easy and effective way to colour-code your keys, helping you quickly identify the correct key for each door.

Whether you are replacing a worn-out key head or simply want to customise your keys, this kit contains all the necessary components to refresh your key's appearance. Each fob assembly includes a black base shroud, a coloured top insert, and two ABS logo inserts.

These fobs are available in a variety of colours, including Blue, Green, Orange, Red, and Yellow. Please select your preferred colour from the options below.

Please note: This product is a replacement fob kit only and does not include a key.

Brand Profile

Avocet (ABS)

Avocet (The **Avocet Hardware Group**) is a UK door-and-window hardware brand best known for its **ABS high-security cylinders**, especially its anti-snap euro cylinders used heavily in uPVC, composite and timber door sets. They position themselves as a long-standing trade supplier of **window and door hardware** alongside the award-winning **ABS** cylinder range.

Where Avocet really made its name is **anti-snap protection**. Their ABS cylinders use patented mechanisms designed to “lock down” after a snapping attack—so even if the outside section is sacrificed, the door doesn’t open. Avocet markets this as **Active Snap Protection / Snap Secure technology**, built around an internal locking action triggered by the attack.

On the certification side, Avocet’s flagship ABS cylinders are commonly sold and independently listed with top-tier UK security markings like:

- **TS007 3-Star** (anti-snap standard for cylinders/door hardware)
- **SS312 Sold Secure Diamond**
- **Secured by Design** (UK police initiative)

Beyond cylinders, Avocet also sells broader “suited” door hardware ranges (handles and complementary hardware) aimed at giving fabricators/installers a consistent look and spec across a door set.
