Specification Summary

Brand	Abus
Product type	Hasp & Staple

Product Description

The ABUS 100 Series Hasp & Staple is a durable and weather-resistant security solution designed to protect gates, sheds, garages, and doors. Featuring high-quality corrosion protection, this robust steel hasp and staple is built to withstand outdoor elements for long-lasting security.

Depending on the model, the ABUS 100 Series is available in standard straight designs for flush-closing doors (where the door leaf and frame are level) or double-jointed (DG) versions. The DG variants feature a double-hinged joint, making them ideal for doors that do not close flush or for installations around corners.

To deter opportunist thieves, the hasp is engineered with concealed hinge pins and hidden screws to resist physical attack. Sizes 80mm and 100mm feature a hardened steel staple and hinge pin to resist hacksaw attacks.

Please note that carded (Visi) packaging versions are supplied with screws, while boxed versions are not. This product is available in a range of widths, shackle diameters, weights, packaging types, and manufacturer references. Please select your preferred options from the choices below.

Technical Specifications

- **Brand:** ABUS
- **Finish:** Steel
- **Width:** Ranges from 60mm to 16cm (please choose from the options below)
- **Shackle Diameter:** Ranges from 7mm to 11mm (please choose from the options below)
- **Horizontal Clearance:** Ranges from 7mm to 11mm (please choose from the options below)
- **Packaging:** Available in Boxed or Visi (please choose from the options below)
- **Weight:** Ranges from 15g to 236g (please choose from the options below)
- **Manufacturer Reference:** Available in multiple options including standard and double-jointed (DG) models (please choose from the options below)

Key Features

- **Corrosion Protection:** Weatherproof design provides durable outdoor security
- **Concealed Hinge Pins:** Helps to resist physical attacks and tampering
- **Hidden Screws:** Deters opportunist thieves (screws supplied with carded/Visi versions)
- **Hardened Steel Staple & Hinge Pin:** Resists hacksaw attacks (on 80mm and 100mm versions)
- **Versatile Fitting Options:** Standard versions for flush doors, and double-jointed (DG) versions for non-flush doors or corner applications

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
