Specification Summary

Brand	Abus
Product type	Hasp & Staple

Product Description

The ABUS 138/150 GateSec Hasp & Staple is a heavy-duty, solid stainless steel security solution designed to protect rolling garage doors, sectional doors, and roller shutters against vandalism and theft. Engineered for high-security applications, this robust hasp can withstand pulling forces of up to 2.2 tonnes, offering formidable resistance against forced entry.

This versatile hasp is ideal for ground mounting on flat concrete floors to prevent doors from being pried open or lifted. It is also suitable for wall mounting, making it highly adaptable to various installation requirements. The GateSec 138/150 is supplied complete with high-quality mounting accessories for a secure and straightforward installation.

Designed to accommodate heavy-duty padlocks, it is compatible with padlocks featuring a shackle diameter of up to 11mm (padlocks are sold separately). For optimum security, it pairs exceptionally well with ABUS Diskus padlocks.

Technical Specifications

- **Brand:** ABUS
- **Manufacturer Reference:** 80901
- **Material:** Stainless Steel
- **Finish:** Stainless Steel
- **Plate Width:** 150mm
- **Maximum Padlock Shackle Diameter:** 11mm
- **Weight:** 988g
- **Pull Resistance:** Up to 2.2 tonnes
- **Pack Quantity:** 1

Key Features

- **High Pull Resistance:** Capable of withstanding pulling forces of up to 2.2 tonnes for robust security.
- **Solid Stainless Steel Construction:** Provides excellent durability and resistance against corrosion and harsh weather.
- **Versatile Mounting Options:** Ideal for floor mounting on flat concrete surfaces or wall mounting.
- **Shutter & Garage Door Security:** Specifically designed to secure rolling, sectional, and garage doors against lifting and prying.
- **Complete Fixing Kit:** Supplied with all necessary mounting accessories for installation.
- **Padlock Compatibility:** Accommodates padlocks with a shackle diameter of up to 11mm (padlocks available separately).

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and "preventative" security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **"Iron Rock,"** and the business expanded from there into a broad security portfolio.

Today, ABUS's headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you'll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the "German engineering, don't mess about" identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
