Specification Summary

Brand	Abus
Product type	Combination

Product Description

The ABUS 144/30 Combination Padlock is a lightweight, keyless security solution designed for low-risk applications. Featuring a 30mm solid aluminium body with an anodised coating, this padlock is highly resistant to corrosion, making it ideal for securing school lockers, gym bags, sports centre lockers, and luggage.

One of its standout features is the extra-large, high-contrast 3-digit code dials. Unlike standard padlocks where numbers are merely painted on, the ABUS 144/30 features digits injected directly into the abrasion-proof plastic dials. This ensures long-lasting readability and prevents the numbers from wearing off over time. The resettable combination mechanism allows you to easily set and change your own 3-digit code whenever needed, offering convenient, key-free access.

This padlock is available in a wide range of vibrant finishes, including Black, Blue, Green, Grey, Orange, Purple, Red, Silver, Yellow, and Assorted Colours. Please select your preferred finish, manufacturer reference, and barcode option from the choices below.

Technical Specifications

- **Body Width:** 31.5mm
- **Body Depth:** 16mm
- **Shackle Diameter:** 5mm
- **Horizontal Clearance:** 14mm
- **Vertical Clearance:** 25mm
- **Weight:** 57g
- **Locking Mechanism:** 3-wheel resettable combination
- **Body Material:** Aluminium with anodised coating
- **Shackle Finish:** Steel
- **Pack Quantity:** 1
- **Finishes:** Multiple options available (please choose from the options below)
- **Manufacturer References:** Multiple options available (please choose from the options below)
- **Barcodes:** Multiple options available (please choose from the options below)

Key Features

- **High Readability:** Extra-large, high-contrast numbers injected directly into the dials to prevent fading or wear.
- **Resettable Combination:** Easily set and reset your own 3-digit code for keyless convenience.
- **Durable Construction:** Lightweight, solid aluminium lock body with a corrosion-resistant anodised finish.
- **Abrasion-Proof Dials:** Robust plastic number dials designed for long-lasting readability and high corrosion protection.
- **Versatile Security:** Ideal for low-risk applications such as school and gym lockers, luggage, and cupboards.
- **Vibrant Colour Options:** Available in a variety of finishes to suit your style or help with easy identification.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
