Specification Summary

Brand	Asec
Product type	Lock Out Tag Out

Product Description

The Asec Double Sided Lockout Tagout (LOTO) Tags are designed to enhance workplace safety during essential maintenance and servicing. Featuring a bold, highly visible 'Do Not Operate' legend, these tags are printed with UV-resistant inks in a striking red and white finish to ensure they are easily noticed from a distance.

Constructed from durable, wear-resistant polypropylene, these hard-wearing tags are built to withstand demanding industrial environments. They are double-sided and feature dedicated space for writing specific details, such as the lockout procedure, date, and the name of the authorised personnel. Designed to be used alongside a lockout

device, such as a padlock or hasp, these tags are an essential safety isolation accessory.

These tags are supplied in a convenient pack of 10, providing a practical and reliable solution for maintaining safety compliance across your facility.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS11505
- **Material:** Polypropylene
- **Finish:** Red & White
- **Legend:** Do Not Operate
- **Width:** 75mm
- **Pack Quantity:** 10
- **Weight:** 40g
- **Barcode:** 5015397430335

Key Features

- **High Visibility:** Striking red and white finish printed with UV-resistant inks for maximum clarity and fade resistance.
- **Durable Construction:** Made from hard-wearing, wear-resistant polypropylene to withstand harsh industrial environments.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
