Specification Summary

Brand	Asec
Product type	Catch & Latch

Product Description

The Asec Heavy Duty Suffolk Latch is a robust, traditional door and gate latch designed for external applications. It is the perfect choice for garden gates, shed doors, and outbuildings where a classic, rustic look and feel is desired.

This heavy-duty latch operates simply and reliably: access is granted by pressing the thumb latch on the exterior side, which lifts the lever on the internal side to release the gate or door. Crafted with durability in mind, its heavy-duty construction ensures long-lasting performance even in harsh outdoor environments.

The latch features a classic black finish that complements traditional timber and ironmongery. It comes supplied in visi packaging (bagged with a header card), making it easy to store and ideal for retail or merchandiser displays.

Technical Specifications

- **Brand:** Asec
- **Part Number:** AS10244
- **Finish:** Black
- **Width:** 45mm
- **Weight:** 470g
- **Pack Quantity:** 1

- **Packaging:** Visi (Bagged with header card)
- **Barcode:** 5015397607119

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
