Specification Summary

Brand	Asec
Product type	Long Shackle

Product Description

The Asec Keyed Alike Long Shackle Brass Padlock is a versatile and reliable security solution designed for a wide range of everyday applications. With its extended shackle, this padlock is ideal for securing hard-to-reach areas, making it perfect for sheds, gates, vans, lockers, luggage, and bicycles.

This padlock features a keyed alike mechanism, meaning multiple locks can be opened with the same key - ideal for simplifying your keyring. It is available in multiple body widths ranging from 30mm to 50mm, with corresponding shackle diameters from 5mm to 7.5mm. Please select your preferred size and specifications from the options below to find the perfect fit for your security needs.

Constructed with a solid brass body and a hardened steel shackle, this padlock offers robust resistance against cutting and sawing. The double-locking mechanism provides added security against pulling and prying, ensuring your belongings remain safe and secure.

Technical Specifications

- **Brand:** Asec
- **Keying:** Keyed Alike (CZ, E, or G suites depending on size)
- **Body Width:** 30mm to 50mm (please choose from the options below)
- **Body Height:** 28mm to 40mm (please choose from the options below)
- **Body Depth:** 13mm to 16mm (please choose from the options below)
- **Shackle Diameter:** 5mm to 7.5mm (please choose from the options below)
- **Vertical Clearance:** 44mm to 82mm (please choose from the options below)
- **Horizontal Clearance:** 16mm to 27mm (please choose from the options below)
- **Weight:** 100g to 312g (please choose from the options below)
- **Packaging:** Boxed

Key Features

- **Keyed Alike Convenience:** Multiple padlocks can be operated using the same key (CZ, E, or G suites depending on the selected size).
- **Long Shackle Design:** Extended vertical clearance makes it ideal for securing gates, chains, and hard-to-reach locking points.
- **Hardened Steel Shackle:** Offers enhanced resistance against cutting and sawing attacks.
- **Double Locking:** Provides extra protection against pulling and forcing.
- **Solid Brass Body:** Durable and corrosion-resistant construction suitable for a variety of indoor and outdoor applications.
- **Versatile Security:** Perfect for securing sheds, vans, lockers, gates, luggage, and bikes.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
