Specification Summary

Brand	Abus
Product type	Combination

Product Description

The ABUS 180IB/50HB63 is a highly durable, marine-grade combination padlock designed to withstand the harshest outdoor environments. Featuring a solid forged brass body and a high-quality stainless steel shackle, this padlock offers exceptional resistance to water and corrosion. It is the ideal choice for securing medium-value assets in coastal areas, ports, on boats, or for general outdoor applications such as gates, sheds, and utility boxes.

Equipped with a 4-digit resettable combination mechanism, the padlock allows you to easily set and change your own custom PIN from 10,000 possible combinations, eliminating the need for keys. The internal components are made entirely from non-corrosive materials, ensuring smooth operation even in severe weather. For added security, the precision locking mechanism is designed with built-in protection against manipulation and tampering. This model features an extended long shackle with a 63mm vertical clearance, making it highly versatile for securing awkwardly spaced or hard-to-reach locking points.

Technical Specifications

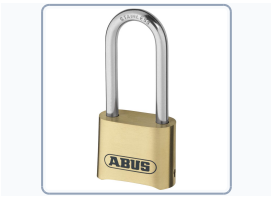

- **Brand:** ABUS
- **Model:** 180IB/50HB63 C

- **Body Width:** 53mm
- **Body Depth:** 25mm
- **Shackle Diameter:** 8mm
- **Vertical Clearance:** 63mm
- **Horizontal Clearance:** 25mm
- **Locking Mechanism:** 4-digit resettable combination (4 wheel)
- **Body Material:** Solid forged brass
- **Shackle Material:** Stainless steel
- **Internal Components:** Non-corrosive materials
- **Weight:** 320g
- **ABUS Security Level:** 5 out of 10

Key Features

- **Marine-Grade Weatherproofing:** Solid brass body and stainless steel shackle provide maximum corrosion resistance, ideal for coastal and marine environments.
- **Keyless Convenience:** 4-digit resettable combination allows you to set and reset your own custom PIN.
- **Extended Long Shackle:** 63mm vertical clearance provides extra reach for securing awkwardly positioned gates, chains, and doors.
- **Tamper Protection:** Features a precision locking mechanism designed with additional protection against manipulation.
- **Durable Construction:** Tough, solid forged brass body and rust-free internal components ensure long-lasting outdoor reliability.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and "preventative" security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **"Iron Rock,"** and the business expanded from there into a broad security portfolio.

Today, ABUS's headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you'll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the "German engineering, don't mess about" identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
