Specification Summary

Brand	Asec
Product type	Snap Fix

Product Description

The Asec Lion Style Snap Fix Cranked Cam Camlock is a high-quality replacement lock specifically designed for Lion style metal cabinets and lockers. Featuring a convenient snap-fix design, this camlock allows for quick and straightforward installation without the need for complex mounting tools.

This lock is equipped with a key-retaining cylinder, which ensures the key cannot be removed while the cabinet is unlocked - a vital security feature that prevents users from accidentally leaving the cabinet unsecured. Finished in a smart chrome plating, it offers both durability and a clean, professional appearance. The lock is supplied keyed to differ with two keys, operating under the 95-97 series master key system with up to 2,000 differs.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS10096
- **Body Length:** 20mm
- **Body Height:** 17mm
- **Body Width:** 16mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
