Specification Summary

Brand	Abus
Product type	Combination

Product Description

The ABUS 190 Series Heavy Duty Combination Closed Shackle Padlock is designed to provide high-security protection without the need for keys. Featuring a solid hardened steel jacket and a closed shackle design, this padlock offers exceptional resistance against physical attacks, including sawing, cutting, and pulling.

Equipped with an advanced 4-digit resettable combination mechanism, the ABUS 190CS/60 allows you to set your own custom code. The positive code wheel action ensures smooth operation and significantly reduces setting errors, while the precision locking mechanism provides built-in manipulation protection. The through-hardened steel shackle is finished in black chrome, delivering superior corrosion resistance alongside its formidable strength. With dual ball bearing locking, this padlock is highly resistant to pulling and twisting attacks, making it an ideal choice for securing gates, warehouses, toolboxes, and other high-value assets.

Technical Specifications

- **Body Width:** 62mm
- **Body Depth:** 22mm
- **Shackle Diameter:** 11mm
- **Horizontal Clearance:** 27mm
- **Vertical Clearance:** 30mm
- **Locking Mechanism:** 4-digit resettable combination
- **Shackle Finish:** Black Chrome
- **Weight:** 710g

Key Features

- **Solid Hardened Steel Jacket:** Provides robust defence against physical attacks and forced entry.
- **Closed Shackle Design:** Shackle guard shields the shackle from bolt cutters, hacksaws, and other cutting tools.
- **Through-Hardened Steel Shackle:** Offers excellent resistance to cutting and sawing attempts.
- **Black Chrome Finish:** Delivers enhanced corrosion resistance for long-lasting durability.
- **Positive Code Wheel Action:** Minimises combination setting errors for reliable everyday use.
- **Ball Bearing Locking:** Protects the lock against pulling and twisting attacks.
- **Resettable Combination:** 4-digit mechanism allows you to easily set and reset your own PIN.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and "preventative" security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **"Iron Rock,"** and the business expanded from there into a broad security portfolio.

Today, ABUS's headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you'll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the "German engineering, don't mess about" identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
