Specification Summary

Brand	Abus
Product type	Discus

Product Description

The ABUS 20 Series 'Plus' Diskus Padlock represents the pinnacle of high-security disc padlocks, engineered and manufactured in Germany. As the flagship model of the renowned ABUS Diskus range, it features a robust stainless steel case and a through-hardened steel alloy shackle with a black chrome finish, providing exceptional resistance to physical attacks and corrosion.

Designed with 360-degree lock protection, this padlock utilizes ABUS's proprietary 'Deep Weld Technology' to deliver maximum case strength. At its core is the high-security ABUS 'Plus' disc cylinder, which offers superior

resistance against drilling, pulling, and lock manipulation. A fitted anti-dust cap protects the cylinder from dirt and moisture, ensuring long-term reliability in harsh outdoor environments.

This padlock is available in multiple sizes and configurations. Shackle diameters range from 10mm to 11mm, with body widths of either 71mm or 81mm. Customers can select from boxed or visual (Visi) packaging options, as well as different body depths, clearances, and weights. Please choose your preferred specifications from the options below.

Technical Specifications

- **Brand:** ABUS
- **Mechanism:** ABUS 'Plus' disc cylinder
- **Body Width:** 71mm or 81mm (please choose from the options below)
- **Body Height:** 71mm or 81mm (please choose from the options below)
- **Body Depth:** 30mm or 35mm (please choose from the options below)
- **Shackle Diameter:** 10mm or 11mm (please choose from the options below)
- **Horizontal Clearance:** 20mm or 25mm (please choose from the options below)
- **Vertical Clearance:** 17mm or 18mm (please choose from the options below)
- **Shackle Finish:** Black Chrome
- **Key Retaining:** Yes
- **Key Series:** 5078
- **Silca Card Code:** 584/2084
- **Weight:** Ranges from 329g to 448g (please choose from the options below)
- **Packaging:** Available in Boxed or Visi packaging (please choose from the options below)
- **Manufacturer Reference:** 20/70, 20/70 C, 20/80, or 20/80 C (please choose from the options below)

Key Features

- **ABUS Plus Cylinder:** High-security disc cylinder resists drilling, pulling, and manipulation attacks.
- **360° Protection:** Deep Weld Technology and anti-cut plate provide maximum case strength and all-round protection.
- **Hardened Steel Alloy Shackle:** Resists saw attacks, enhanced with a black chrome finish for superior corrosion resistance.
- **Weather Protection:** Fitted anti-dust cap prevents cylinder damage from dirt and water.
- **Key Retaining Security:** The key can only be removed when the padlock is securely locked.
- **Made in Germany:** High-quality manufacturing and engineering for reliable, long-lasting security.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
