Specification Summary

Brand	Abus
Product type	High Security Padlocks
Keyway	ABUS Granit Padlocks

Product Description

The ABUS 37 Series Granit Plus Solid Steel Open Shackle Padlock is a premier high-security locking solution designed to protect high-value assets in demanding environments. Meeting the stringent CEN Grade 4 security standard, this padlock is built to withstand severe physical attacks. It features a through-hardened steel alloy body and an 11mm removable shackle, ensuring robust resistance against cutting and pulling.

At its core is the advanced ABUS 'Plus' disk cylinder, offering up to 250,000 key differs and exceptional protection against drilling, pulling, and manipulation. For long-lasting outdoor performance, the padlock is equipped with a cataphoretic coating and rust-free internal components, providing up to 40 years of corrosion protection. Each lock is supplied complete with two keys and a key code card for secure duplication.

This premium padlock is available in several configurations to suit your specific requirements. Depending on your needs, you can select from multiple keying options (including Keyed To Differ and specific Keyed Alike suites), packaging types (Boxed or Visi), and weights ranging from 502g to 531g. Please choose from the available options below to find the perfect match for your security setup.

Technical Specifications

- **Brand:** Abus
- **Cylinder System:** Abus Granit Plus
- **Body Width:** 63mm
- **Body Height:** 85mm
- **Body Depth:** 31mm
- **Shackle Diameter:** 11mm
- **Shackle Finish:** Hardened Steel
- **Horizontal Clearance:** 27.5mm
- **Vertical Clearance:** 26mm
- **Security Rating:** CEN Grade 4
- **Key Differs:** 250,000
- **Keying:** Keyed Alike or Keyed To Differ (please select from the options below)
- **Manufacturer Reference:** Multiple options available (please select from the options below)
- **Packaging:** Boxed or Visi (please select from the options below)
- **Weight:** 502g - 531g (please select from the options below)
- **Barcode:** Multiple options available (please select from the options below)

Key Features

- **CEN Grade 4 Security:** High-security rating suitable for protecting high-value assets and commercial properties.
- **ABUS Plus Cylinder:** Advanced disk cylinder resists drilling, pulling, and manipulation attacks, offering 250,000 key differs.
- **Hardened Steel Construction:** Through-hardened steel alloy body and 11mm removable shackle provide maximum resistance to physical attacks.
- **Corrosion Protection:** Cataphoretic coating and rust-free components offer up to 40 years of reliable outdoor protection.
- **Keys & Code Card:** Supplied with 2 keys and a key code card for secure and convenient key duplication.
- **Flexible Configurations:** Choose from Keyed Alike or Keyed To Differ options, as well as different packaging types and weights, from the options below.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
