Specification Summary

Brand	Asec
Product type	Accessory

Product Description

The Asec Rebate Conversion Kit is designed to allow Asec BS (British Standard) and non-BS deadlocks to be fitted to double rebated doors, such as French doors. This essential accessory ensures that your deadlock functions correctly and securely on overlapping double doors, maintaining the integrity of your door security.

Each kit features countersunk screw holes to provide a neat, flush finish once installed. It is available in multiple sizes, finishes, and weights to match your door hardware seamlessly. Please choose your preferred size, finish, weight, and manufacturer reference from the options below to find the perfect fit for your installation.

Technical Specifications

- **Compatibility:** Suitable for Asec BS and non-BS deadlocks
- **Sizes Available:** 13mm or 25mm (please select from the options below)
- **Finishes Available:** Polished Brass or Satin Chrome (please select from the options below)
- **Manufacturer References:** AS1076, AS1077, or AS1085 (please select from the options below)
- **Weight:** 200g or 240g (please select from the options below)
- **Barcodes:** Multiple options available (please select from the options below)

Key Features

- **Double Door Solution:** Enables Asec deadlocks to be installed on rebated double doors or French doors
- **Flush Fitting:** Features countersunk screw holes for a clean, professional finish
- **Versatile Options:** Available in a choice of sizes and finishes to suit your existing door hardware
- **Reliable Construction:** Designed by Asec to ensure a precise fit and smooth lock operation

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
