Specification Summary

Brand	Abus
Product type	High Security Padlocks

Product Description

The ABUS 37 Series Granit Plus open shackle padlock is a premier high-security locking solution designed to protect high-value assets in demanding environments. Constructed with a through-hardened steel alloy body and shackle, this padlock offers exceptional resistance against physical attacks, including drilling, pulling, and manipulation.

Equipped with the renowned ABUS 'Plus' disc cylinder, the lock provides up to 250,000 key differs and includes a key code card for secure key duplication. Its cataphoretic coating and rust-free internal components deliver up to 40

years of corrosion protection, making it highly suitable for harsh outdoor conditions. The rekeyable mechanism allows the cylinder to be easily serviced or keyed alike to match existing ABUS Plus keys.

This padlock is available in multiple sizes and security standards, including CEN Grade 4 and CEN Grade 5 options. Shackle diameters range from 11mm to 14mm, with body widths of 63mm or 77mm. It is also available in Keyed Alike or Keyed To Differ configurations. Please select your preferred size, security grade, and keying option from the options below.

Technical Specifications

- **Brand:** ABUS
- **Cylinder System:** ABUS Granit Plus
- **Mechanism:** Rekeyable
- **Body Width:** 63mm or 77mm (please choose from the options below)
- **Body Height:** 85mm or 103mm (please choose from the options below)
- **Body Depth:** 31mm or 37mm (please choose from the options below)
- **Shackle Diameter:** 11mm or 14mm (please choose from the options below)
- **Horizontal Clearance:** 27.5mm or 29mm (please choose from the options below)
- **Vertical Clearance:** 26mm or 35mm (please choose from the options below)
- **Security Standard:** CEN Grade 4 or CEN Grade 5 (please choose from the options below)
- **Keying:** Keyed Alike or Keyed To Differ (please choose from the options below)
- **Key Differs:** 250,000
- **Weight:** 475g to 945g (please choose from the options below)
- **Packaging:** Boxed or Visi (please choose from the options below)
- **Boxed Quantity:** 1 or 3 (please choose from the options below)
- **Manufacturer Reference:** 37RK/55 or 37RK/70 (please choose from the options below)

Key Features

- **High-Security Cylinder:** ABUS 'Plus' disc cylinder resists drill, pull, and manipulation attacks.
- **Robust Construction:** Attack-resistant through-hardened steel alloy body and shackle.
- **Weather Protection:** Cataphoretic coating and rust-free components provide up to 40 years of corrosion protection.
- **Rekeyable Design:** Cylinder can be rekeyed to match an existing key or updated to a new key.
- **Key Code Card:** Supplied with a code card for secure and convenient key duplication.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
