Specification Summary

Brand	Asec
Product type	Illuminated

Product Description

The ASEC Touch Sensitive Illuminated Red/Green Halo Exit Button (AS9856) is a sleek and modern access control solution designed for contemporary architectural installations. Featuring a high-quality brushed stainless steel finish, this flush-fitting plate integrates seamlessly into any professional environment.

At the heart of the unit is a 25mm touch-sensitive button surrounded by a dual-colour LED halo. The halo provides clear visual feedback, illuminating in red and green and changing colour when activated. It operates on a 12/24V DC input and features an integrated, adjustable timer that can be set between 1 and 30 seconds. With an IP67 rating on the front face, it is highly durable and protected against dust and water ingress. The button is equipped with COM, NO, and NC changeover contacts, offering versatile integration with a wide range of electronic locking systems.

Technical Specifications

- **Brand:** Asec
- **Part Number:** AS9856
- **Fitting:** Flush
- **Plate Finish:** Brushed Stainless Steel
- **Input Voltage:** 12/24V DC
- **Current Consumption:** 2A
- **Rating:** 0.1 Amp
- **IP Rating:** IP67 (Front only)
- **Button Diameter:** 25mm
- **Outputs:** COM / NO / NC (Changeover contacts)
- **Operation:** Momentary
- **Timer Adjustment:** 1 - 30 seconds
- **Dimensions:** 85mm (H) x 85mm (W) x 37mm (D)
- **Weight:** 950g

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
