Product Description

The ABUS 41 Series Eterna Laminated Steel Open Shackle Padlock is designed to provide reliable medium-security protection for both outdoor and indoor applications. Featuring individually plated laminated steel body sections, this padlock is treated with ABUS's innovative Eterna™ coating, offering up to 40 years of weather and corrosion protection.

To resist physical attacks, the padlock features a hardened steel shackle (through-hardened on sizes 40mm and above) and tough compressed rivets in the outer laminates to prevent the rivet heads from being sheared or knocked off. Inside, a precision pin tumbler cylinder with anti-pick mushroom pins offers enhanced resistance against manipulation and picking.

This padlock is available in a variety of body widths ranging from 44mm to 53mm, shackle diameters from 7mm to 9mm, and multiple clearance dimensions. Customers can also choose between Keyed To Differ and Keyed Alike options (including specific key suites like EE0020 and EE0118), as well as boxed or visi-pack packaging. Please select your required specifications from the options below.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
