### Product Description

The ABUS 55 Series Brass Long Shackle Padlock (55/40HB63) is a reliable and popularly priced security solution, ideal for securing gates, chains, and hard-to-reach areas. It features a solid brass body paired with a hardened steel long shackle that provides excellent resistance against hacksaw attacks.

Designed with security in mind, this 38mm padlock is double-bolted for increased shackle strength and pull resistance. Inside, a precision pin tumbler cylinder is fitted with anti-pick mushroom pins to protect against lock manipulation.

This padlock is available in several configurations to suit your needs. You can choose between Keyed To Differ (where each lock has unique keys) or Keyed Alike options (available in specific suites such as 5401 and 5402). It is also offered in either Boxed or Visi (visual) packaging, with weights ranging from 159g to 174g. Please select your preferred keying, suite, and packaging options from the product variants below.

## Technical Specifications

- **Body Width:** 38mm
- **Body Depth:** 13mm
- **Shackle Diameter:** 6.5mm

- **Vertical Clearance:** 63mm
- **Horizontal Clearance:** 20.5mm
- **Body Material:** Solid brass
- **Shackle Material:** Hardened steel
- **Keying Options:** Keyed Alike (Suites 5401 or 5402) or Keyed To Differ (please choose from the options below)
- **Packaging:** Boxed or Visi (please choose from the options below)
- **Weight:** 159g - 174g (please choose from the options below)

## Key Features

- **Solid Brass Body:** Provides durable security and natural corrosion resistance.
- **Hardened Steel Long Shackle:** Offers extra vertical clearance for versatile locking while resisting hacksaw attacks.
- **Double Bolted:** Enhanced shackle strength and protection against pulling or twisting.
- **Anti-Pick Protection:** Pin tumbler cylinder features anti-pick mushroom pins to resist manipulation.
- **Flexible Options:** Available in multiple keying suites and packaging types to suit your specific requirements.

## Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
