Specification Summary

Brand	Abus
Product type	Key Safe

Product Description

The ABUS 707 KeyGarage™ is a robust, wall-mounted key safe designed to provide secure and convenient storage for keys and plastic access cards. It is an ideal solution for sharing access with authorised individuals such as carers, cleaners, tradespeople, or holiday guests, eliminating the need to leave keys under doormats or flowerpots.

Constructed with a sturdy aluminium housing, this key safe is designed for wall mounting in both indoor and protected outdoor environments. Access is controlled via a fully resettable 4-digit combination lock, offering up to 10,000 possible combinations that can be changed quickly and easily whenever required.

The ABUS 707 features a sliding protective cover to shield the dials from dust, dirt, and harsh weather. Inside, the safe has a capacity for up to 7 keys or 4 plastic cards, and it comes complete with a self-adhesive hook that can be attached inside to keep individual keys neatly organised.

Technical Specifications

- **Height:** 120mm
- **Width:** 88mm
- **Depth:** 39mm
- **Weight:** 495g

- **Material:** Aluminium
- **Finish:** Black & Silver
- **Locking Mechanism:** Resettable 4-digit combination
- **Capacity:** Up to 7 keys or 4 plastic cards

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and "preventative" security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **"Iron Rock,"** and the business expanded from there into a broad security portfolio.

Today, ABUS's headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you'll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the "German engineering, don't mess about" identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
