Specification Summary

Brand	Exitex
Product type	Injury Prevention

Product Description

The **Exitex Digitex Rear Finger Guard** is an essential injury-prevention safety solution designed to cover the rear hinges of a door, effectively preventing fingers from becoming trapped in the hinge gap. It is ideal for high-traffic environments such as schools, nurseries, offices, and public buildings, as well as residential homes.

This rear finger guard is supplied in a standard length of 1.925m (1925mm), which is designed to suit most standard UK door heights. It comes prepacked with all the necessary fittings, making it incredibly quick and easy to install.

This product is available in multiple finishes, manufacturer references, and barcodes. Please choose your preferred options from the selection below to suit your specific installation requirements.
