Brand	Locinox
Product type	Gate Locks

Product Description

The Locinox Dead Bolt End is a high-quality replacement deadbolt end designed specifically for Locinox gate locks. Manufactured from robust stainless steel, these replacement ends ensure long-lasting durability and excellent resistance to the elements, making them ideal for outdoor gate installations.

Each replacement deadbolt end comes complete with two fixing screws for a straightforward installation. To accommodate different gate lock profiles, they are available in multiple lengths ranging from 2mm to 51mm, suitable for 10mm, 30mm, 40mm, or 60mm Locinox locks. Please select your required length and suitability from the options below to ensure a perfect fit for your specific lock model.

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is “make the gate hardware the least annoying part of the job,” with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as “over 30 years” in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
