Specification Summary

Brand	Willenhall Locks
Product type	Budget Locks

Product Description

The Willenhall W3177 (manufacturer reference W31770137) is a compact and reliable hook bolt mortice budget lock, designed for simple and effective locking applications. This lock is operated using a standard budget T-key (available separately, not supplied with the lock), making it ideal for utility cupboards, access panels, and other low-security enclosures.

Constructed with a durable bright zinc finish, this budget mortice lock offers excellent corrosion resistance and longevity. It features a hook bolt design that provides a secure latching action. The lock is supplied complete with a matching flat strike plate for a straightforward installation.

With a case depth of 37mm and a case height of 76mm, the Willenhall W3177 is a compact solution that fits easily into standard door and panel preparations. Please note that the budget key is not included and must be purchased separately if you do not already have one.

Technical Specifications

Brand Profile

Willenhall Locks

Willenhall Locks is a trade-familiar UK lock brand built around the classic **mortice lock** lineup: **5-lever deadlocks**, **sashlocks**, and a handful of **specialist cases** for awkward door types (plus some gate kit). The branding leans into Willenhall's identity as the historic heartland of British lockmaking, and retailers commonly describe the range as being supplied for **50+ years**.

What you typically see under the Willenhall name:

- **Mortice deadlocks & sashlocks** (often 5-lever) for domestic/commercial doors.
- **Narrow-stile / euro sashcases** for glazed and French doors (e.g. the **EP1 Euro Sashcase**, which is explicitly pitched as a narrow-stile solution).
- **Gate locks** using **hook bolt** formats (Aldridge lists models like **G10 / G14 / G17** as 5-lever gate locks).
- Some sellers also group in **slamlock**-type products under the Willenhall label (auto-locking on close—great for security, occasionally *too* great if you enjoy being locked out of your own life).
