Requires Cylinder

Product Description

The ABUS 83CS/70 Rock Series 2 is an exceptionally robust, high-security closed shackle padlock designed for maximum protection. Constructed with a 70mm hardened steel body and a formidable 15mm hardened steel shackle, this padlock offers CEN Grade 6 security, making it ideal for securing high-value assets, warehouses, and industrial gates. The closed shackle design provides an integrated shackle guard to defend against cutting, sawing, and cropping attacks.

To ensure long-lasting durability in harsh outdoor environments, the padlock features a specialized Nano Protect coating for superior corrosion resistance.

This padlock is supplied as a 'body only' unit without a cylinder, allowing for seamless integration into existing master key suites or keyed-alike systems. Depending on your requirements, this padlock is available in multiple configurations. You can choose options that suit either a Half Euro cylinder or a Scandinavian oval cylinder, with a choice of standard key or dimple mechanisms, and weights ranging between 1.041kg and 1.275kg. Please select your preferred options from the drop-down menu below.

Technical Specifications

- **Body Width:** 70mm
- **Body Depth:** 29mm
- **Height:** 112mm
- **Shackle Diameter:** 15mm
- **Horizontal Clearance:** 28.5mm
- **Vertical Clearance:** 32mm
- **Body & Shackle Material:** Hardened Steel
- **Finish:** Silver
- **Security Rating:** CEN Grade 6
- **Keys Supplied:** 0 (Body only)
- **Mechanism:** Dimple or Standard Key (options available below)
- **Cylinder Compatibility:** Accepts Half Euro cylinder or Scandinavian oval cylinder (options available below)
- **Weight:** 1.041kg to 1.275kg (options available below)

Key Features

- **CEN Grade 6 Security:** Offers the highest level of security for commercial and high-risk applications.
- **Closed Shackle Design:** Features an integrated shackle guard to protect against cropping and sawing attacks.
- **Hardened Steel Construction:** Both the body and 15mm shackle are manufactured from hardened special steel for extreme physical resistance.
- **Nano Protect Coating:** Provides outstanding corrosion resistance, making it ideal for demanding outdoor use.
- **Cylinder Compatibility:** Supplied without a cylinder to allow easy integration into existing keying systems (choose between Half Euro or Scandinavian oval options below).
- **Flexible Mechanisms:** Available with standard key or high-security dimple mechanisms to match your security needs.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
