Specification Summary

Brand	Abus
Product type	Through Hardened

Product Description

The ABUS KS Series Square Link Security Chain is a high-security solution designed to protect your valuable possessions, such as bicycles, motorbikes, garden machinery, and outdoor equipment. Constructed from special through-hardened steel, this chain features a square link profile specifically engineered to resist aggressive attacks, including bolt cutters and hand saws.

To protect your property's paintwork and chrome from scratches or damage, each chain is fitted with a durable fabric sleeve. Available in a variety of link diameters, lengths, and weights, this versatile security chain can be paired with a high-quality padlock to provide robust security tailored to your needs. Please select your preferred

chain specifications from the options below.

Technical Specifications

- **Brand:** Abus
- **Chain Length:** 0.65m to 2m (multiple options available; please choose below)
- **Link Diameter:** 6mm to 10mm (multiple options available; please choose below)
- **Inside Link Width:** 9mm to 14mm (multiple options available; please choose below)
- **Horizontal Clearance:** 6mm to 10mm (multiple options available; please choose below)
- **Vertical Clearance:** 9mm to 14mm (multiple options available; please choose below)
- **Weight:** 543g to 4.265Kg (multiple options available; please choose below)
- **Manufacturer Reference:** 6KS65 to 10KS200 (multiple options available; please choose below)
- **Pack Quantity:** 1
- **Boxed Quantity:** Multiple options available (please choose below)
- **Barcode:** Multiple options available (please choose below)

Key Features

- **Through-Hardened Steel:** Made from special hardened steel to resist aggressive physical attacks, including bolt cutters.
- **Square Link Profile:** Square-shaped links offer superior resistance against cutting and sawing compared to round links.
- **Protective Fabric Sleeve:** Features a durable fabric sleeve to prevent scratches and damage to paintwork and chrome.
- **Versatile Security:** Ideal for securing bicycles, motorbikes, machinery, gates, and outdoor equipment.
- **Flexible Options:** Available in a wide selection of lengths, link diameters, and weights to suit your specific security requirements.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
