Specification Summary

Brand	Abus
Product type	Long Shackle

Product Description

The ABUS Silver Rock™ 5 Long Shackle Padlock offers robust, reliable security for medium-risk applications. Featuring a heavy zinc body with a sleek, brushed stainless steel finish, this padlock is designed to secure gates, doors, lockers, toolboxes, and sheds. It comes equipped with an innovative blue silicone protective bumper, which prevents scratches and damage to surrounding surfaces.

Engineered with a double-locking hardened steel shackle, the lock is treated with a Nano Protect™ coating for enhanced corrosion and rust resistance. Security is further bolstered by a precision 5-pin cylinder featuring a paracentric keyway, which provides excellent protection against picking and tampering.

This long shackle padlock is highly versatile and is available in a choice of 40mm or 50mm body widths, vertical clearances ranging from 40mm to 80mm, and either Keyed Alike or Keyed to Differ options. Please select your preferred size, clearance, keying, and packaging options from the selection below.

Technical Specifications

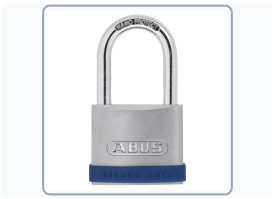

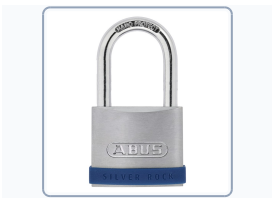

- **Brand:** ABUS
- **Body Width:** 40mm or 50mm (please choose from the options below)
- **Vertical Clearance:** 40mm, 63mm, or 80mm (please choose from the options below)
- **Keying:** Keyed Alike or Keyed to Differ (please choose from the options below)
- **Body Material:** Zinc
- **Finish:** Brushed stainless steel effect
- **Shackle Material:** Hardened steel with Nano Plated finish
- **Cylinder:** Precision 5-pin with paracentric keyway
- **Packaging:** Boxed or Visi (please choose from the options below)
- **Weight:** 191g to 384g (depending on variant selected)

Key Features

- Heavy zinc lock body provides substantial physical strength and durability
- Blue silicone protective bumper prevents scratches and damage to locked surfaces
- Nano Protect™ shackle coating offers superior resistance against rust and corrosion
- Double-locking shackle increases resistance to pulling and twisting attacks
- Paracentric keyway provides enhanced protection against picking and tampering
- Ideal for securing items of medium value or in areas with an average risk of theft

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
