Specification Summary

Brand	Abus
Product type	Aluminium

Product Description

The ABUS Titalium 54TI Series Open Shackle Padlock represents a new generation of security, offering an excellent price-to-performance ratio for securing items at lower risk of theft. Constructed from innovative TITALIUM™ aluminium alloy, this padlock provides a solid, highly secure lock body while remaining remarkably lightweight.

Designed for everyday security, the 54TI series features a hardened steel shackle and a double-bolted locking mechanism for enhanced resistance against tampering. It is ideal for securing lockers, toolboxes, luggage, and gates.

This padlock is available in a variety of body widths ranging from 30mm to 50mm, with shackle diameters from 5mm to 7mm. You can also choose between individual Keyed to Differ locks or convenient Keyed Alike twin and triple packs. Please select your required size, clearance, and keying options from the options below.

Technical Specifications

- **Body Width:** 30mm to 50mm (please select from the options below)
- **Body Depth:** 13mm to 14mm (please select from the options below)
- **Shackle Diameter:** 5mm to 7mm (please select from the options below)
- **Horizontal Clearance:** 14.5mm to 25mm (please select from the options below)
- **Vertical Clearance:** 14mm to 24.5mm (please select from the options below)
- **Keying Options:** Keyed To Differ, Keyed Alike, or Keyed Alike Pairs/Triples (please select from the options below)
- **Material:** TITALIUM™ aluminium alloy body with a hardened steel shackle
- **Finish:** Silver

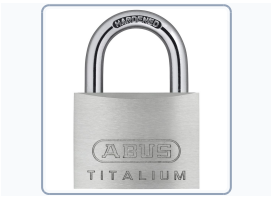

Key Features

- **TITALIUM™ Lock Body:** Solid, lightweight aluminium alloy construction offers optimum security with reduced weight
- **Double Bolted Shackle:** Provides extra protection against pulling and twisting forces
- **Hardened Steel Shackle:** Delivers reliable resistance to cutting and sawing
- **Versatile Security:** Perfect for lower theft risk applications, offering an excellent balance of price and performance
- **Flexible Keying Options:** Available in single, twin, or triple packs to suit your specific security needs

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
