Specification Summary

Brand	Abus
Product type	Aluminium

Product Description

The ABUS Titalium 64TI Series Long Shackle Padlock offers a modern, high-security locking solution that is significantly lighter than traditional brass padlocks. Constructed from a special TITALIUM™ aluminium alloy, this padlock combines a high level of strength and torsion resistance with a lightweight design, weighing approximately 30% less than comparable brass locks.

Designed for securing items of medium value or at an average risk of theft, this long shackle padlock is ideal for gates, doors, lockers, toolboxes, and chains where a longer reach is required. The hardened steel shackle features a NANO PROTECT™ coating for superior corrosion resistance, while the paracentric key profile provides enhanced

protection against tampering and manipulation.

This padlock is available in multiple body widths from 30mm to 50mm, body depths from 13mm to 17mm, shackle diameters from 5mm to 8mm, and vertical clearances from 40mm to 80mm. It is also available in both Keyed Alike and Keyed To Differ options, in single or triple packs, and with boxed or visual (visi) packaging. Please select your preferred size, clearance, packaging, and keying options from the choices below.

Technical Specifications

- **Brand:** ABUS
- **Body Width:** 30mm to 50mm (choose from options below)
- **Body Depth:** 13mm to 17mm (choose from options below)
- **Shackle Diameter:** 5mm to 8mm (choose from options below)
- **Vertical Clearance:** 40mm to 80mm (choose from options below)
- **Horizontal Clearance:** 16mm to 28mm (choose from options below)
- **Keying Options:** Keyed Alike or Keyed To Differ (choose from options below)
- **Keys Supplied:** 2 keys per lock
- **Pack Quantity:** 1 or 3 (choose from options below)
- **Packaging:** Boxed or Visi (choose from options below)
- **Weight:** 87g to 291g (choose from options below)
- **Finish:** Silver

Key Features

- **TITALIUM™ Aluminium Body:** Special lightweight aluminium alloy offers high security with approximately 30% less weight than traditional brass padlocks.
- **Long Shackle Design:** Extended shackle clearance makes it ideal for securing hard-to-reach locking points, thick chains, or solid bolts.
- **NANO PROTECT™ Coating:** Hardened steel shackle features an advanced coating for exceptional corrosion and weather resistance.
- **Chrome-Plated Cylinder Plug:** Offers additional corrosion protection for long-lasting operation.
- **Paracentric Key Profile:** Provides increased protection against picking and manipulation.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
