Product Description

The ABUS Titalium 64TI Series Open Shackle Padlock represents a major advancement in security technology. Manufactured from an innovative, lightweight aluminium alloy, these padlocks offer the same high level of security as traditional brass padlocks but weigh approximately 30% less. This makes them an ideal solution for applications where both strength and weight are critical factors.

Featuring a contemporary stainless steel finish, the 64TI series is designed for both indoor and outdoor use. The lock body is constructed from TITALIUM™ special aluminium, paired with a hardened steel shackle that benefits from a NANO PROTECT™ coating for superior corrosion resistance.

These padlocks are available in a wide range of body widths, shackle diameters, and clearances to suit various security needs. They can also be purchased in different pack quantities and keying options, including Keyed Alike and Keyed To Differ. Please choose your required size, keying option, and pack quantity from the options below.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and "preventative" security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **"Iron Rock,"** and the business expanded from there into a broad security portfolio.

Today, ABUS's headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you'll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the "German engineering, don't mess about" identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
