Specification Summary

Brand	Abus
Product type	Sliding Shackle

Product Description

The ABUS Titalium 82TI Series Shutter (Sliding Shackle) Padlock is a high-security locking solution designed for applications with limited accessibility, such as roller shutters, gates, and storage units. Constructed from ABUS's innovative Titalium™ aluminium alloy, this padlock offers a high level of security and torsion resistance while weighing approximately 30% less than traditional brass padlocks. It features a modern stainless steel finish that provides excellent corrosion resistance.

The padlock is equipped with a robust, 12mm thick sliding shackle made of hardened steel, which significantly reduces the exposed area to protect against cutting and sawing attacks. Security is further enhanced by a paracentric keyway that offers optimum picking resistance, alongside a convenient self-locking mechanism.

This padlock is available in multiple configurations to suit your security setup. You can choose from Keyed Alike or Keyed To Differ options, as well as Boxed or Visi packaging, with weights ranging from 202g to 217g. Please select your preferred keying, packaging, and manufacturer reference from the options below.

Technical Specifications

- **Brand:** ABUS
- **Body Width:** 70mm
- **Body Material:** Titalium™ aluminium alloy
- **Finish:** Stainless steel look
- **Shackle Diameter:** 12mm
- **Shackle Material:** Hardened steel
- **Horizontal Clearance:** 22mm
- **Vertical Clearance:** 13mm
- **Keying:** Keyed Alike or Keyed To Differ (please choose from the options below)
- **Packaging:** Boxed or Visi (please choose from the options below)
- **Weight:** 202g to 217g (please choose from the options below)
- **Manufacturer Reference:** Multiple options available (please choose from the options below)

Key Features

- **Titalium™ Construction:** Special aluminium alloy body provides maximum strength with 30% less weight than traditional brass padlocks.
- **Sliding Shackle Design:** Hardened steel 12mm shackle reduces vulnerability to cutting and forcing attacks.
- **Anti-Pick Protection:** Paracentric keyway offers optimum resistance against picking.
- **Self-Locking:** Convenient snap-locking mechanism allows locking without the key.
- **Corrosion Resistant:** Modern stainless steel finish ensures durability in outdoor environments.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
