Specification Summary

Brand	Abus
Product type	Aluminium

Product Description

The ABUS Titalium 96TICS Series Closed Shackle Padlock offers a superb balance of high security and lightweight construction. Manufactured from ABUS's innovative TITALIUM™ special aluminium alloy, this padlock provides robust protection against theft while remaining significantly lighter than traditional brass or steel alternatives.

The closed shackle design features an integrated shackle guard, making it exceptionally difficult for attackers to target the shackle with bolt cutters or saws. Inside, a high-tech 10-pin cylinder offers up to 150,000 key differs, providing excellent protection against lock picking and manipulation. For added convenience, the padlock features automatic locking (locking without the key by simply pushing the shackle down) and is supplied with a high-precision reversible key that works in either direction.

This versatile padlock is available in a choice of 50mm or 60mm body widths, with shackle diameters ranging from 9.5mm to 11mm. You can also choose between Keyed To Differ and Keyed Alike options, as well as boxed or visual packaging. Please select your required specifications from the options below.

Technical Specifications

- **Body Material:** Solid Titalium™ special aluminium alloy
- **Shackle Material:** Stainless steel
- **Body Width:** 50mm or 60mm (please choose from the options below)
- **Body Depth:** 23mm or 28mm (please choose from the options below)
- **Shackle Diameter:** 9.5mm or 11mm (please choose from the options below)
- **Horizontal Clearance:** 23mm or 25mm (please choose from the options below)
- **Vertical Clearance:** 25mm or 29mm (please choose from the options below)
- **Keying Options:** Keyed To Differ or Keyed Alike (please choose from the options below)
- **Cylinder Type:** High-tech 10-pin cylinder
- **Key Differs:** 150,000 differs
- **Keys Supplied:** 2 keys
- **Packaging:** Boxed or Visi (please choose from the options below)

Key Features

- **Lightweight & Robust:** Solid Titalium™ lock body offers high security with a lightweight design
- **Shackle Guard Protection:** Closed shackle design protects the shackle against bolt cutter and saw attacks
- **High Security Cylinder:** High-precision 10-pin cylinder provides excellent resistance to lock picking
- **Reversible Key:** Reversible key design ensures smooth and easy operation in either direction
- **Automatic Locking:** Allows the padlock to be locked without the key by simply pushing the shackle down
- **Versatile Choices:** Available in multiple sizes, keying configurations, and packaging types to suit your needs

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
