Specification Summary

Brand	Abus
Product type	Sliding Shackle

Product Description

The ABUS Titalium 98TI Series Sliding Shackle Padlock is an innovative, high-security monobloc padlock designed for unconventional locking scenarios where space is limited. Featuring a lateral key entry, this padlock is ideal for tight areas such as securing containers, lorries, gates, and doors.

Constructed from ABUS's proprietary TITALIUM™ special aluminium alloy, the 98TI offers a high level of security with a significantly reduced weight compared to traditional brass or steel padlocks. It features a robust 12mm hardened steel sliding shackle (locking bolt) and a high-precision 10-pin cylinder with a paracentric keyway, providing excellent protection against physical attacks and manipulation.

For added convenience, the padlock uses a reversible dimple key and features an automatic self-locking mechanism - simply push the shackle to lock without needing the key.

This padlock is available in multiple body widths, clearances, packaging types, and keying options (including Keyed Alike and Keyed To Differ). Please select your preferred specifications from the options below.

Technical Specifications

- **Body Material:** Titalium special aluminium alloy
- **Body Width:** 70mm or 90mm (please select from the options below)
- **Body Depth:** 28mm
- **Shackle Diameter:** 12mm
- **Horizontal Clearance:** 22mm or 35mm (please select from the options below)
- **Vertical Clearance:** 14mm or 18mm (please select from the options below)
- **Keying Options:** Keyed Alike (7567 / 7568) or Keyed To Differ (please select from the options below)
- **Cylinder:** High-precision 10-pin cylinder with paracentric keyway
- **Key Differs:** 150,000 differs
- **Keys Supplied:** 2 reversible keys per lock
- **Packaging:** Boxed or Visi (please select from the options below)
- **Weight:** Ranges from 243g to 438g (please select from the options below)

Key Features

- **Lightweight & Strong:** TITALIUM™ special aluminium body offers high security with a significant weight reduction compared to traditional brass padlocks.
- **Sliding Shackle Design:** Ideal for tight, unconventional spaces where standard padlocks will not fit.
- **Hardened Steel Shackle:** Sturdy 12mm locking bolt provides robust resistance to cutting and physical attacks.
- **Reversible Key Convenience:** High-precision dimple key works whichever way it is inserted into the keyway.
- **Automatic Locking:** Quick and easy keyless locking by simply pushing the shackle closed.
- **Anti-Manipulation Protection:** Paracentric keyway and 10-pin cylinder offer high resistance to picking.

Brand Profile

Abus

ABUS (short for **August Bremicker Söhne**) is a **German, family-owned security company** best known for making locks and “preventative” security products—the stuff designed to stop problems *before* they happen. The company was founded in **1924**, when August Bremicker and his sons started making padlocks in a cellar forge in **Volmarstein** (North Rhine-Westphalia). One of the earliest products was a padlock they called **“Iron Rock,”** and the business expanded from there into a broad security portfolio.

Today, ABUS’s headquarters are in **Wetter (Ruhr), Germany**, and the company manufactures across multiple German and international sites (with major German production called out in places like **Rehe**).

ABUS operates as a group with well-known consumer lines spanning **padlocks and door/window security**, **alarm systems and video surveillance**, and also **bike security**—notably **bike locks** and **bike helmets** (a big reason you’ll see the brand everywhere from hardware stores to cycling shops).

Brand-wise, ABUS leans hard into the “German engineering, don’t mess about” identity: practical, durability-obsessed, and aimed at homes, businesses, and people trying to stop their stuff being yeeted into the void by opportunistic goblins.
