Specification Summary

Brand	Adams Rite
Product type	Cylinder - Euro & Oval

Product Description

The ADAMS RITE 2600 Sentinel Mortice Deadlock Case is a high-security locking solution specifically engineered for use with steel or aluminium doors. Manufactured from robust steel with a corrosion-resistant plating, this deadlock case offers exceptional durability and physical strength in demanding commercial and residential environments.

This deadlock case is designed to comply with the stringent BS EN 12209 Grade 6 standard. Its heavy-duty bolt is capable of withstanding a 10kN side load in unsupported applications and a 6kN end load, providing formidable resistance against physical attack. For enhanced security, the lock operates via a 360° turn of the key or thumbturn, with a key-retaining feature that ensures the key can only be removed when the bolt is positively locked or unlocked. This prevents the risk of accidentally leaving the door unsecured.

The Adams Rite 2600 is available in multiple backset options (25mm, 30mm, and 40mm) with corresponding case depths (42mm, 47mm, and 57mm) to suit your specific door preparation. Please choose your required size and specification from the options below.

Technical Specifications

- **Backset:** 25mm, 30mm, or 40mm (please choose from the options below)
- **Case Depth:** 42mm, 47mm, or 57mm (please choose from the options below)
- **Case Height:** 159mm
- **Forend Dimensions:** 195mm (L) x 25mm (W)
- **Bolt Throw:** 29mm
- **Mechanism:** Euro Cylinder
- **Finish:** Nickel Plated
- **Case Material:** Steel with corrosion-resistant plating
- **Standards:** Complies with BS EN 12209 Grade 6

Key Features

- **High-Security Standard:** Fully complies with BS EN 12209 Grade 6 for maximum peace of mind.
- **Formidable Strength:** Bolt withstands a 10kN side load and 6kN end load to resist forced entry.
- **Key-Retaining Design:** Key is only removable when the bolt is fully locked or unlocked, preventing accidental security lapses.
- **Multi-Door Compatibility:** Ideal for use on both steel and aluminium doors.
- **Corrosion Protection:** Plated steel construction ensures long-lasting operation and weather resistance.
- **Flexible Sizing:** Available in a range of backsets and case depths to match your existing door preparation.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
