Specification Summary

Brand	Adams Rite
Product type	Slim Line

Product Description

The Adams Rite 261-800 Slim Line Z & L Bracket is a robust and highly adjustable mounting solution designed specifically for Adams Rite Armlock 260 series electromagnetic locks, including the 261 magnet. This bracket kit is engineered to convert standard magnetic locks for use on inward-opening doors, providing a secure and stable installation where direct fixing to the door frame is not possible.

Constructed from high-quality satin anodised aluminium (SAA), the kit offers a strong, lightweight, and durable mounting method while maintaining a clean, professional aesthetic. The kit consists of a standard 'L' bracket and two separate, fully-adjustable plates that form the 'Z' bracket. This design allows for precise alignment between the maglock and the armature plate, ensuring maximum holding strength and reliable security.

Technical Specifications

- **Brand:** Adams Rite
- **Manufacturer Reference:** 261-800
- **Finish:** Satin Anodised Aluminium (SAA)
- **Fitting:** Inward-opening doors
- **Armature Dimensions:** 160mm (Length) x 50mm (Height) x 50mm (Depth)

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
