Specification Summary

Brand	Adams Rite
Product type	Standard

Product Description

The Adams Rite 281-900 is a standard rim armature housing designed specifically to suit the Armlock 281 series standard magnetic locks. This housing allows the armature plate to be surface-fixed (rim mounted) to the door, offering a clean, professional aesthetic and simplifying the installation process.

Constructed from high-quality satin anodised aluminium, this non-handed housing is robust and matches the finish of the 281 series maglocks. It is supplied individually bagged and is backed by a 3-year manufacturer's guarantee.

Technical Specifications

- **Brand:** Adams Rite
- **Manufacturer Reference:** 281-900
- **Finish:** Satin Anodised Aluminium
- **Handing:** Non-handed
- **Width:** 175mm
- **Depth:** 15mm

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
