Specification Summary

Brand	Adams Rite
Product type	Accessory

Product Description

The Adams Rite 4056 Trim Ring is a high-quality spare spacer ring designed specifically for use with the Adams Rite 4056 series of round mortice screw-in cylinders. These spacer rings fit neatly between the cylinder and the surface of the door, helping you adjust the cylinder projection and ensure a flush, professional finish on your door hardware installation.

These trim rings are available in multiple sizes and weights to suit your specific installation requirements. They are offered in depths and heights of either 3mm or 6mm, with diameters of 25mm or 35mm. Please select your required depth, diameter, and weight options from the selection below to find the perfect fit for your door.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
