Specification Summary

Brand	Adams Rite
Product type	Accessory

Product Description

The Adams Rite 4067 Screw-In Thumbturn Cylinder is designed to provide unrestricted exit from the inside of a door without requiring a lever or paddle handle. This round mortice thumbturn is highly versatile, interchanging with any standard screw-in cylinder. It is ideal for use with Adams Rite MS1850 series deadlocks.

If you are installing this cylinder with a 4700 series deadlatch, please note that the ball and spring must be removed prior to installation; clear instructions for this process are included in the box. Supplied in a high-quality satin chrome finish, this cylinder offers a durable and clean aesthetic suitable for commercial and residential metal doors.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
