Specification Summary

Brand	Adams Rite
Product type	Accessory

Product Description

The Adams Rite 4505 Strike is a robust armored box strike plate designed specifically for use with the Adams Rite MS1890 series mortice hooklatch locks. Engineered to provide a secure and reliable locking point, this strike plate helps protect door frames against forced entry while ensuring smooth and reliable lock operation.

Constructed from high-quality materials, this strike plate features a satin stainless steel finish trimplate, a steel mounting plate, and an integrated dust box. It is designed to suit standard aluminium door profiles, offering a clean and professional aesthetic. Depending on your installation requirements, the 4505 strike is available in flat or radius profiles, or with an attached weather strip to ensure a weather-tight seal.

Ideal for commercial and high-traffic environments, this strike plate is an essential accessory for maintaining the security and functionality of your Adams Rite MS1890 series locks.

Technical Specifications

- **Brand:** Adams Rite
- **Manufacturer Reference:** 4505
- **Compatibility:** Adams Rite MS1890 series mortice hooklatch locks
- **Finish:** Stainless Steel

- **Width:** 48mm

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
