Specification Summary

Brand	Adams Rite
Product type	Accessory

Product Description

The Adams Rite 4565-501-130 is a robust thumbturn handle and cam plug assembly designed for use with Adams Rite 4700 Series deadlatches. Featuring a compact, ergonomic thumbturn lever, it is engineered to provide a secure and comfortable fingertip grip, making it an excellent choice for doors where the latch is operated infrequently or primarily in emergencies.

This unit comes complete with an activator cam plug and a 16mm spindle, allowing it to fit solidly into the cylinder hole of the latch. The narrow escutcheon is designed to match the clean, modern lines of narrow stile metal doors. Finished in a sleek satin chrome, this left-handed handle offers dependable performance and a professional aesthetic.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
