Specification Summary

Brand	Adams Rite
Product type	Paddle Handle

Product Description

The Adams Rite 4591 Paddle Handle provides an ergonomic, low-profile alternative to traditional lever handles or knobs, making it ideal for commercial and high-traffic environments. Designed for effortless push or pull operation, it allows for natural, intuitive door opening.

This paddle handle is specifically designed for use with Adams Rite 4700 and 4900 Series deadlatches (excluding the 4750 model) as well as the MS+1890 Latch/Deadlock. It is supplied with a reversible cam and is highly suitable for installation on both aluminium and steel doors.

To suit your specific door configuration, this handle is available in multiple handing options, including Left Hand Pull, Left Hand Push, Right Hand Pull, and Right Hand Push. Please select your required handing, manufacturer reference, barcode, and weight option from the selection below to ensure the perfect fit for your installation.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
