Specification Summary

Brand	Adams Rite
Product type	Accessory

Product Description

The Adams Rite 4710 Weatherstrip Faceplate is a high-quality accessory designed for use with the Adams Rite 4700 series deadlatches. This flat faceplate comes equipped with a pre-installed weather strip, helping to seal door gaps against draughts, dust, and moisture while protecting the lock's internal mechanism.

Crafted from lightweight and durable aluminium, the faceplate features a clean finish that blends seamlessly with modern aluminium door profiles. It is easy to install, making it an ideal choice for both new installations and maintenance replacements on commercial or residential narrow stile doors.

Technical Specifications

- **Brand:** Adams Rite

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
