Product Description

The Adams Rite 5015 is a compact hookbolt deadlock specifically designed for use on narrow stile sliding patio doors. Engineered to fit seamlessly within slim door profiles, this mortice lock is suitable for both timber and aluminium doors, making it a versatile choice for residential and commercial patio applications.

Featuring a robust hookbolt mechanism, the 5015 deadlock provides a secure locking solution that helps prevent unauthorised entry. The lock case is constructed with a durable zinc-plated finish, offering excellent resistance to corrosion and wear, ensuring reliable operation over time. With its compact dimensions, it is an ideal replacement or new-install lock for sliding doors where space is at a premium.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
