Specification Summary

Brand	Adams Rite
Product type	Accessory

Product Description

The Adams Rite 8360 01 630 ANSI Latch Strike is a high-quality ramp jaw strike designed to work in conjunction with Adams Rite 4720ANSI and 4920ANSI deadlatches. Suitable for both single and double doors, this strike is ideal for installation on hollow metal or wooden doors.

Engineered to reduce wear and tear on the lock mechanism, the ramp jaw design smoothly "leads out" the latchbolt during operation. When the door is closed, the latch automatically deadlocks for enhanced security. For emergency exit applications, using the 8360 strike alongside the 4720ANSI/4920ANSI deadlatch and a 4591 Push Paddle Handle ensures compliance with BS EN 179:2008 standards.

Finished in durable stainless steel, this flat profile strike offers both strength and a clean, modern aesthetic. Please note that the use of lever handles is not recommended when installing this strike on wooden doors.

Technical Specifications

- **Brand:** Adams Rite
- **Manufacturer Reference:** 8360-01-630
- **Part Number:** L2687
- **Finish:** Stainless Steel

- **Profile:** Flat
- **Compatibility:** Adams Rite 4720ANSI and 4920ANSI deadlatches
- **Door Type:** Hollow metal or wooden doors
- **Standards:** BS EN 179:2008 compliant (when used with 4720ANSI/4920ANSI deadlatch and 4591 Push Paddle Handle)
- **Weight:** 90g

Key Features

- **Ramp Jaw Design:** Smoothly guides the latchbolt to reduce mechanical wear and tear.
- **Automatic Deadlocking:** Latch automatically deadlocks once the door is fully closed.
- **Versatile Application:** Suitable for single and double doors in both timber and hollow metal frames.
- **Durable Construction:** Made from high-quality stainless steel for long-lasting performance.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
