Product Description

The Adams Rite L18283 is a high-quality backplate designed specifically to suit the Adams Rite 5015 sliding patio door hookbolt deadlock. Finished in polished lacquered brass, this durable backplate provides a secure and neat installation for your patio door locking setup.

This backplate features a simple two-screw face fix design, making it straightforward to install. It is designed to work seamlessly in conjunction with the Adams Rite thumbturn (part number L18284), ensuring smooth operation and a coordinated look for your door hardware. Whether you are replacing an existing plate or completing a new installation, this genuine Adams Rite accessory offers the reliability and precise fit you expect from an industry-leading manufacturer.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
