Specification Summary

Brand	Adams Rite
Product type	Cylinder - Screw In

Product Description

The Adams Rite MS1890 Mortice Hooklatch Case is designed to provide maximum security for commercial premises after hours, combined with convenient traffic control during the business day. This dual-function lock is ideal for narrow stile metal doors, allowing you to manage access seamlessly.

Operating via a screw-in cylinder (available separately), a 360° turn of the key throws or retracts the heavy-duty hookbolt. When the lock is unlocked, a further 120° turn retracts the latchbolt, allowing for easy daytime traffic. Additionally, a latch holdback snib is located inside the bolt cavity, which can only be accessed when the hookbolt is thrown, allowing the door to be set to free-swinging when required.

Please note that all faceplates and strike plates must be purchased separately. This product is available in multiple backsets, case depths, and weights; please select your required options from the options below.

Technical Specifications

- **Mechanism:** Screw-in cylinder (cylinder not included)
- **Backset:** 24mm, 28mm, or 38mm (please choose from the options below)
- **Case Depth:** 40mm, 44mm, or 57mm (please choose from the options below)
- **Case Height:** 196mm
- **Case Finish:** Plated steel
- **Forend Finish:** Anodised aluminium
- **Forend Length:** 175mm
- **Forend Width:** 26mm
- **Follower:** 6.5mm
- **Weight:** 540g, 550g, or 670g (please choose from the options below)
- **Pack Quantity:** 1

Key Features

- **Dual Functionality:** Combines a maximum-security hookbolt for overnight lockup with a deadlatch for daytime traffic control.
- **Smart Key Operation:** A 360° turn of the key throws or retracts the hookbolt, while a further 120° turn retracts the latchbolt.
- **Latch Holdback Snib:** Located inside the bolt cavity and accessible only when the hookbolt is thrown, allowing the door to be set to free-swinging.
- **Versatile Options:** Available in multiple backsets and case depths to suit your specific door installation.
- **Note on Components:** Faceplates and strike plates are sold separately to allow for custom configurations.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
