Specification Summary

Brand	Adams Rite
Product type	Accessory

Product Description

The Adams Rite MS4002 Hook Reinforcing Plate is a robust security accessory designed to provide essential reinforcement for your door frame. Specifically engineered for use with the Adams Rite 1850 Barbolt Series of locks, this armoured strike plate is designed to defeat forced entry attempts, particularly the common method known as 'jamb peeling'.

Constructed with a heavy-duty steel reinforcement doubler, the MS4002 fits discreetly within aluminium or other hollow jamb sections. This ensures the high-security steel components remain completely hidden from view, while the trim face sits perfectly flush with the frame. It is unhanded, making it suitable for both left and right-handed swinging or sliding doors, and is supplied complete with all necessary fixing screws for a straightforward installation.

Technical Specifications

- **Brand:** Adams Rite
- **Manufacturer Reference:** MS4002 (Part Number: 4534)
- **Finish:** Plated Steel
- **Width:** 28mm
- **Depth:** 18mm

- **Weight:** 630g
- **Pack Quantity:** 1
- **Handing:** Unhanded (suitable for left or right-handed doors)

Key Features

- **Enhanced Security:** Backed by a heavy-duty steel doubler to prevent "jamb peeling" forced entry attacks.
- **Concealed Design:** Fits within hollow jamb sections to keep the steel reinforcement completely hidden.
- **Flush Fit:** Maintains a neat, flush trim face on aluminium or metal door frames.
- **Versatile Application:** Ideal for use with the Adams Rite 1850 Barbolt Series of locks.
- **Complete Package:** Supplied with all necessary fixing screws for installation.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
