Brand	Adams Rite
Product type	Accessory

Product Description

The Adams Rite Ultraline 7400 Series Release Lip Extension is designed to suit the Adams Rite 7400 Series Ultraline mortice releases. These high-quality lip extensions are ideal for use with centre hung doors, thick doors, or other non-standard door installations where the door does not close flush with the door jamb face.

These bolt-on extensions are easy to fit and are designed specifically for use with flat faceplates. They are measured from the edge of the frame to the centre of the release, allowing you to achieve the perfect fit for your specific door configuration.

This lip extension is available in multiple lengths, including 50mm, 57mm, and 61mm, with corresponding manufacturer references (LEK7400-05, LEK7400-07, and LEK7400-08). Please select your required length and reference from the options below to ensure compatibility with your installation.

Brand Profile

Adams Rite

Adams Rite is a long-running American door-hardware brand best known as *“the Aluminum Hardware Authority”*—a specialist in locking and access hardware for **narrow-stile aluminum doors** (think storefronts, commercial entrances, glass-and-aluminum door systems).

The company’s core range covers **deadlocks and deadlatches**, **electric strikes**, **exit devices/panic hardware**, **trim**, and related cylinders/accessories—basically the mechanical and electromechanical guts that let commercial aluminum doors stay secure while still being code-compliant and usable.

Adams Rite is part of ASSA ABLOY, following ASSA ABLOY’s acquisition (announced and completed in **2006**). In ASSA ABLOY’s portfolio, Adams Rite is positioned as a strong, complementary brand in aluminum door applications.
